Eligio,

With the new user-friendly top navigation bar, you'll have faster, more intuitive access to the features you love and the data you need to do your job. Now your navigation tabs display feature names that better describe what they do:

- Hot List is now “Alerts”
- Dispatch is now “Map”
- Cameras is now “Devices”
- Organization Management is now “Admin”

Spend less time and energy clicking around to focus on solving crime. Explore the new experience today!
